Pre-PAA presentations: Students presenting talks should plan on 15 minutes per talk, followed by 5 minutes of questions. Posters will be set up for viewing before and after the Brown Bags, at which times the presenters will be available for questioning. Since the April 24 Pre-PAA talks will have three speakers, as well as posters, please plan on showing up earlier than our usual 12:10 starting time to view the posters and plan on

staying a bit past our usual ending time if possible.

April 24, 2002: Reserved for [Pre-PAA presentations](#).

Presenter: Andrew Noymer, *How Many Parameters are Necessary -- or Sufficient? A Comparison of the Lee-Carter and Brass Mortality Models.*

Presenter: Jennifer Johnson-Hanks, *Units of Analysis in the Study of African Fertility.*

Presenter: Dominic Montagu, Dept. of Public Health (Maternal and Child Health), UCB, *Franchising Reproductive Health Services and Client Decision Making*

Posters: Gretchen Stockmayer, *Demographic Constraints in US Households Through the Twentieth Century* and *Exposure, Behavior and Preference: A Framework for Analyzing Fertility Change.*

May 1, 2002: Reserved for Pre-PAA presentations.

Presenter: Yumiko Kamiya, *Transformation of Teenage Fertility in Latin America.*
Co-authored with Beatriz Piedad Urdinola.

Presenter: Russell Green, *Empty Pockets: Estimating Ability to Pay for Family Planning.*

Poster: Peter Brownell, *U.S. Immigration Policy and the Wages of Undocumented Mexican Workers.*

Poster: Emiko Masaki, *Cost Effectiveness of HIV Prevention Versus Treatment Strategies for Resource Scarce Countries: Setting Priorities on AIDS.*

Poster: Wenlan Qian, *The Irreversibility of the Reduction in Desired Fertility in China.*
